# Network Advantages

- ✓ Only the leading staffing firm from each market is picked to become an Anserteam supplier
- ✓ Our network covers over 1500 markets across the United States and Canada
- ✓ Anserteam has the financial stability of over 150 staffing firms
- ✓ Each Anserteam location is a successful, independently- owned staffing company, not just a branch office

Anserteam supplier programs are only offered to a select group of organizations who have a track record of success and have proven financial stability. The meticulous screening and selection process we employ has enabled us to build a network of the finest staffing companies in North America. Our suppliers are proud of their affiliation with Anserteam, and we are honored to have them as suppliers in our alliance.

# Diversity Advantages

- ✓ 71% of Anserteam supplier firms are women or minority-owned and certified at the local and national level
- ✓ Anserteam is the only true diversity spend outlet in North American staffing
- ✓ Anserteam is proud to be the only North American staffing alliance certified by WBENC

Contributing to the success of WBEs produces a multitude of benefits. Our clients benefit from the ability to take advantage of the value-added services of truly creative and responsive diverse business providers. The community benefits because as we grow in these WBE relationships, so does the opportunity for creating jobs and improving the area's general quality of life. Procurement professionals will find Anserteam to be a valued addition to their own diversity initiatives, and an excellent opportunity for diversity spend in human resources and staffing.

# Anserteam's Technology Advantages

- ✓ Anserteam's technology is a seamless web-based technology solution that unifies Anserteam suppliers and clients
- ✓ Complete flexibility for customized methods of time capture, invoicing and reporting
- ✓ Access live information such as contingency staffing spend and customized performance metrics
- ✓ Anserteam's technology is intuitive and easy to use. Clients can be up and running on the system in a matter of weeks

Anserteam's technology is a web-based technology solution that gives clients access to real-time staffing spend, performance metrics, customized invoicing, reporting and more. Our system allows for multiple methods of time capture, including employee webportal entry and on-site time clocks for live time punches. Although Anserteam's technology is a powerful and feature-rich system, its interface is simplistic and easy to use; the learning curve is minimal and users can take advantage of the system almost immediately.
